Dear Sir:

On the 2nd instant I was at Kellogg and endeavored to see you, but was sorry to learn that you were not in town. I then went up to Wallace, but was unable to meet you up there.

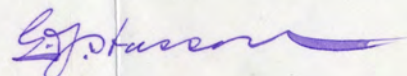

The object of my proposed call on you was to take up with you the matter of the recent lapse in reports on the part of our operative No.5 who has been indisposed for the last few days. I beg to advise you that no time has been charged against you from July 29th to Aug.3rd inclusive. The operative returned to work in the mine this morning.

Trusting this explanation is satisfactory to you, and thanking you for past favors, I remain,

Yours respectfully,
